EQUIPMENT EXPERTS

provides excellent diagnostic and repair services,
completed as quickly as possible with an exceptional level
of customer communication and service

ABOUT US

Equipment Experts is a team of highly experienced industry professionals that takes great pride in providing exceptional customer service. Most of our professional techs and managers have more than 20 years experience in their respective fields.

Equipment Experts has enjoyed steady growth since we began business in 2004. We have grown from a one man mobile mechanic to a 4 bay repair facility with a mobile fleet of experienced mechanics.

GREG & STACY CONNER

Equipment Experts was started in their garage in 2004, with a desire to provide unrivaled customer service and a great place to work for their team members.

- We work with most major Fleet Service Providers, including PHH, ARI, Fleetnet & NAPA Truck Centers •

MOBILE FLEET

Our techs are customer service oriented with numerous trainings events each year. They average over 22 years of experience with a combined total of over 140 years of repair experience.

OUR SHOP

Our 4-bay shop is conveniently located at the corner of I-5 and Highway 512 in Lakewood WA, just south of Tacoma, near Joint Base Lewis McChord, and the heart of the Lakewood Industrial Centers.

FORKLIFT SALES

NEW FORKLIFT SALES & AUTHORIZED TAILIFT DEALER

Tailift is one of the top 10 forklifts in the world, and one of the top 3 sold in Asia. This is a solidly built forklift at a value price, and it has recently been made available in the US. *If you are in the market for a reliable, new forklift, our staff can help you find the one that's right for you.*

USED FORKLIFT SALES

We do a complete inspection on each forklift we sell, so that we feel it is the best product for the price out there. *For more information about our current inventory and to schedule an appointment with our sales staff, call (253) 365-6591.*

• We work with most major Fleet Service Providers, including PHH, ARI, Fleetnet & NAPA Truck Centers •

FORKLIFT SERVICE + REPAIR

PLANNED MAINTENANCE (PM)S

Time is money, and we know that any amount of time your forklift is out of commission is far too long. This is why we offer planned maintenance with customizable time frames with complete inspection, stem to stern. Take your pick!

✓ EVERY 30, 60 90 DAYS

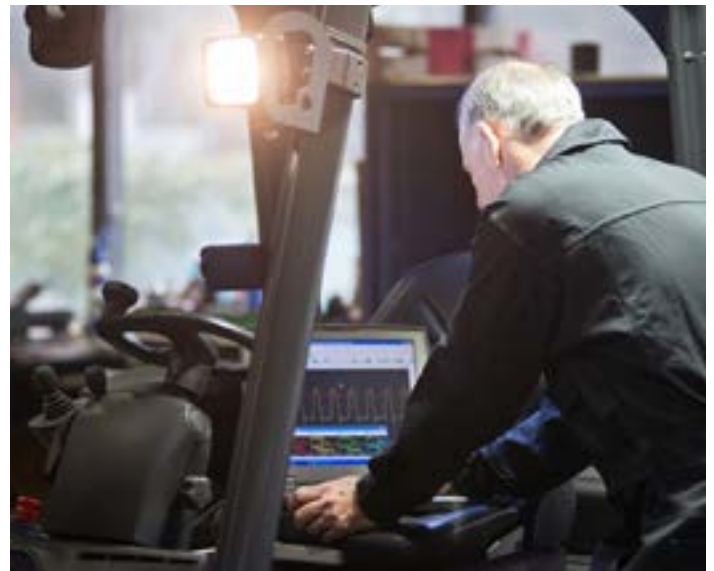

✓ BY HOURS

✓ CALL WHEN NEEDED

24/7 MOBILE SERVICE

FLEET SERVICING

SERVICES OFFERED

We offer a variety of services both in shop and with our mobile repair vehicles.

PREVENTATIVE MAINTANANCE

DOT

SAFETY INSPECTIONS

MOBILE

Keeping your fleet up and running **SAFELY** is our top priority. We do complete PM's, every time, letting you know the condition of your fleet, and what your options are for major repairs.

- No zone charges or trip fees
- Mobile Scanners
- Highly trained mechanics
- Fast, detailed reporting on your repair
- We can customize times, including evenings, and weekends.

SHOP SERVICE

We can maintain and repair all makes and models of trucks from light duty trucks and vans all the way up to big rigs in our 4 bay shop, located at 512 and I-5 in Lakewood, WA, near Tacoma, WA.

HEAVY EQUIPMENT REPAIR

WHEN RESPONSE TIME MATTERS

- Our technicians are here to help get you back up and running.
- Typical **response times are within hours...** NOT days.
- We have 24/7 emergency service, so we can take care of you when you need it.
- And we do all of this under dealer pricing.

WE GET THE JOB DONE!

WE COME FULLY PREPARED

- Our fleet of service vehicles includes our custom made trucks that serve as mobile service stations.
- These vehicles are equipped with compressors, welders, **hydraulic hoses, fittings, and crimpers.**
- We take care of your toughest problems with a staff of experienced mechanics, welders, and an 8,000 lbs mobile crane.

TESTIMONIALS AND PRESS

“Our company has partnered with Equipment Experts, exclusively, to service our fleet of propane and electric forklifts, diesel delivery truck and other equipment as well as with the purchase of new equipment. We have 100% confident that when we need them Equipment Experts will respond quickly, perform the services necessary and when repairs are made, they are done right and by the experts. Greg, Stacy and the Equipment Expert team is truly our “One Stop Shop”. They take the time to understand our fleet and our company needs and have become one of our most valued partners through the growth of our business. We appreciate the excellent service, competitive rates and most importantly their ethical approach to doing business. I highly recommend Equipment Experts to service your equipment and fleet needs. Thank you Greg, Stacy and the entire team.” - *Brad S.*

“If you’re looking for good, hardworking people who deliver honest service, check out Equipment Experts” - *Sky R.*

“I have been in the transportation industry for 30 years and recently I held a Service Manager position. During the process of reviewing the status and the condition of equipment, my new discoveries shocked me to see a fleet that, in my professional opinion, should not have been allowed to operate. I realized that I was going to need help so I started bringing in vendors to help. Some did not care, others did not know, many said we just do whatever the customer tells us whether they are right or not...this to me is a cop-out. You will BE HAPPY TO KNOW, I found them [Equipment Experts] they are like family...the firmest, nicest (Stacy) people you will ever meet. I was able to increase truck, trailer productivity and doing it safely with Equipment Experts. Thank you!!!! ” - *Ron C.*

“I have used Equipment Experts for a few years now and they have always done a great job. They PM services and major repairs on our trucks and forklifts and if we have a brake down on the road or job site they are out there as soon as they can to get us up and running again. All of the people are great and I will keep using them. Thank all of you there.” - *Harry S.*

“Fast efficient affordable. Same day emergency service. Awesome response time, and really easy to work with.”

“Equipment Experts are just that...Experts! We have had great success and service with them on our fleet of trucks. Equipment Experts are honest, do timely and diligent work and always give advise when needed. If you need truck repairs and maintenance than they are the mechanics for you. Thank you guys for all the hard work. Amazing speed and fairness in business. Very much recommend this business to anyone needing a repair.”

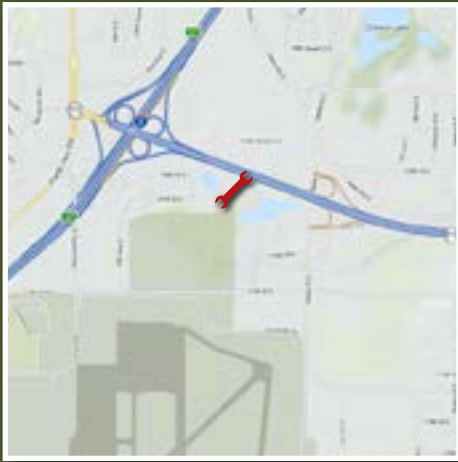

“I have used Equipment Experts a few times, they have always been very professional, and thorough. They were done on time and kept me inform during the repair. I recommend this repair shop for what ever you might need done.” - *Bonnie V.*

“I’ve used Equipment Experts on three separate occasions. These guys are awesome. Great service, quick response times and they got the jobs done when promised. There rates are also very competitive.” - *Lonnie M.*

“Could not have been more pleased with the treatment from the staff and owner. Had my electrical issue fixed quickly and they were more than fair on the charge. If I am in this area when I need a repair, they are the first one’s I will call!”
